ADD/EDIT ORIGINAL

Go to Enter/Edit Services and select Add/Edit Original Services:

Eligibility	Enter/Edit Services	Billing Output	Receipts	Reports
	Import Attenda	nce		
	Create Attendar	nce for a period		
	Edit Attendance	for a period		
	Add/Edit Origin	al Services		
	Print Edit Repor	t		
	Print Edit Repor	t by Contract

You may add data into any field that is both white and blank and you may edit the diagnosis code or change the name key, if you wish.

You may not enter or edit into any field that is muted, with or without data in it, at this point, ie: med num or screen_name.

To fill out your claim, enter your From date, To date, procedure code, modifier and units. The Procedure Description and \$ Billed fields will auto-fill.

You may enter as many lines as you need by entering through to the end of the line you are currently on.

The cursor will automatically bring you to the next line, which will be available to be filled out. When you have completed all the lines you need, hit Save.

	Yes	No

If you click Yes, the line will be eliminated.

The claims are now in the temp file and you can run your edit report for your records and proceed with billing output.

Reasons for Add/Edit Original:

Creating single claim

Creating single claim with date span (ie: one line for one month; 2/1-2/28)

Creating claims for certain procedure codes (ie: assessments, evals, NMLOA, MLOA, etc.)

Editing a claim for a single person/dos (as an alternative to Edit Attendance for a Period)
